

# Mayesbrook Park School

Alternative Provision for young people in Barking and Dagenham

## Attendance and exam outcomes

Mayesbrook Park School is successful in raising the attendance of nearly all of its students, including a significant number who arrive with extremely poor attendance records, as shown in Graph 1 for Erkenwald Campus (EWC) and Mayesbrook Park Campus (MPC). There is also a strong correlation between improved attendance and academic attainment (see Graph 2). Improved attendance results in positive outcomes in public exams, giving students options of continuing their education or taking up training opportunities.
